

Group Progress Report

Group: Jawad Hoballah, Jeremy Nezaria, Michelle Wei

Project: Anesthesia monitor

Date: 12/10/2017

Goals for the past week (copied from last progress report)

1. Present finger tremor project to Dr. Palmeri
2. Finalize slides for Tuesday presentation
3. Obtain feedback from Dr. Grant and Dr. Palmeri regarding progress

For each goal above, comment on your progress:

1. Completed presentation with Dr. Palmeri, got feedback on ways to improve it in terms of scalability for larger production numbers and general feedback.
2. Slides were finalized and presented
3. We're awaiting feedback from Dr. Grant on the updates we gave him, and received feedback from Dr. Palmeri

Goals for this week:

1. Finish final report.
2. Remind Dr. Grant for feedback if we don't hear from him within the next few days.

Are there any difficulties with which you need assistance?

No.
